

The John Curtin School of Medical Research
25th August 2007 9am-3pm

Medical & Health Science Careers Day

ANU Colleges jointly present career options for those students interested in medical, biomedical or health science careers. This event is hosted at The John Curtin School of Medical Research. All major areas of study will have booths including graduate entry medicine, undergraduate and postgraduate coursework programs and postgraduate research programs. A series of presentations on cutting edge biomedical research will be held throughout the day in the Finkel Lecture Theatre.

10:00 Prof. Trevor Lamb "Photoreceptor Research and Vision Science at the ANU"

11:00 Prof. Ian Ramshaw "Challenges in Biosecurity"

11:30 Prof. Geoff Farrell "Is life worth living? What fat's got to do with it!"

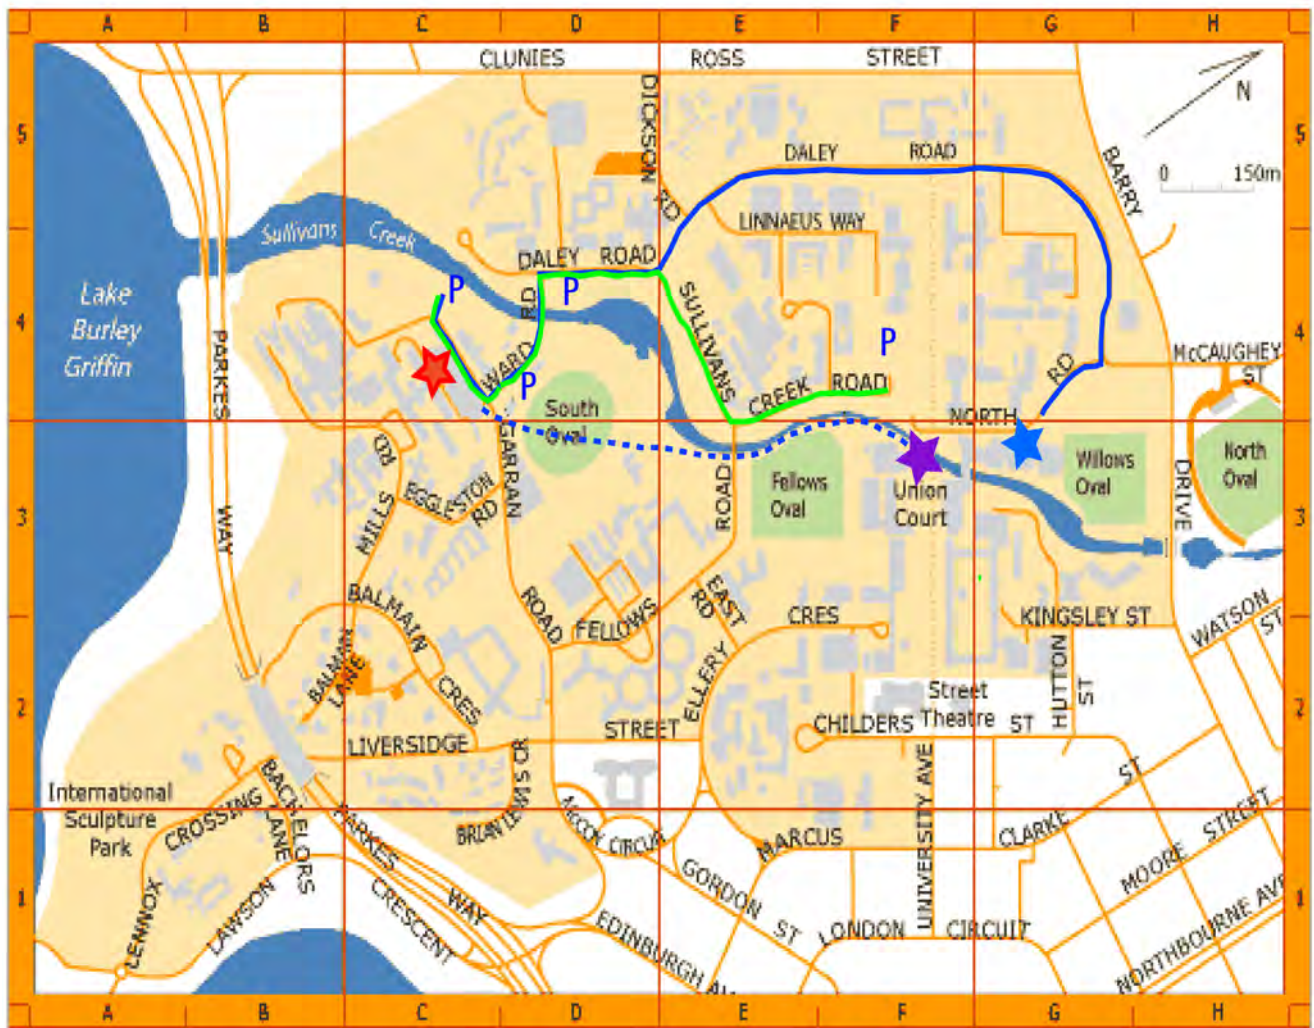

12:00 Prof. Angela Dulhunty "Biophysics and structure of proteins underlying calcium signalling in muscle cells: one of the many facets of Molecular Bioscience."

12:30 A/Prof. Greg Stuart "The Mechanics of Memory"

1:00 Ms Marina Lukatela "ANU Medical School"

2:00 A/Prof Kaarin Anstey "Drinking and Thinking - Findings on alcohol consumption, brain structure and cognitive function from the PATH Through Life Study"

2.30 Prof. Kieran Kirk "Drug-resistant malaria - a very big problem"
